

Adding additional Licences to TYPEQUICK

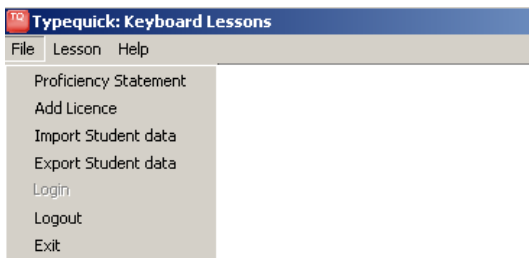

Thank you for purchasing additional Typequick licences. The new licence key is printed overleaf.

To add your new licence follow the steps below;

1. Open the TYPEQUICK program by double clicking on it's icon.
2. From the login box click 'New Student'

3. A second **Login** dialog box will appear:
 1. Enter the **Login Name** for the new user and one which is easy to remember (login name is NOT case sensitive.)
 2. Enter the **Full Name**
 3. Click "OK"
4. The TYPEQUICK program will run and the Main Menu will be displayed.
5. From the Menu Bar click **File** and then **Add Licence**

An **Add a Licence** box will appear;

6. Enter the licence key printed below;
7. After entering the licence key click **Add a Licence**.

The additional users will be added to the TYPEQUICK database.

NOTE: If you wish to view the number of licences you have you must run the **TQAdmin** program and login as **administrator**. From the Menu bar Click Actions then Licences and a licence box will display details of your licences.

If you need assistance please contact Typequick.
